

EXTREME MOSAICING
All Hands on "DUDE!"

NYFSG Group Event

Last Saturday the "Dude" began to take on life as individual tiles were painstakingly applied with grins and laughter—

This Saturday we will finish this incredible sculpture ... we invite you to join in the fun—

no experience necessary!

Time: 8AM- 5PM SATURDAY Aug .14th

Come prepared to mosaic! Bring your own tile to leave your mark on the sculpture. Try to pick orange, blue or black - or in that range - also your token tile should be in the 4 inch by 4 inch range(no one will be measuring however it will go on easier if its relatively small)

What to bring: Your own beverages/snacks, lawn chairs, messy clothes, small pale or those square buckets for washing dishes works well, a lot of enthusiasm... and your best jokes.

If you have tile knippers that is awesome!!!

As much or as little time as you have will be appreciated!
